

## **Women's Movement for Israel**

**<http://www.womeningreen.org>**

Women for Israel's Tomorrow (Women in Green) is a rapidly growing grassroots women's movement -- grandmothers, mothers, wives, and daughters; housewives and professionals; secular and religious -- all bound together by a shared love, devotion and concern for Israel. We are not affiliated with, nor do we support, any particular political party. We have chapters throughout Israel and abroad, including Los Angeles, New York, Chicago and Toronto. We also have many men among our supporters.
